**Best Chrome Spring Value on the Market!**

Rigorous testing and design have yielded what we believe to be the best chrome spring on the market in regards to look and performance. Whether you are building a purpose-built drag strip machine or a beautiful show cruiser, these springs will provide the strength, durability and show stopping good looks you desire.

We completely polish these springs, inside and out, for 360 degrees of high-quality chrome finish. That's why we have given these springs the "Extreme Chrome" name. Many other chrome spring manufacturers only polish the outside diameter surface of the spring. AFCO wanted a spring that looked amazing from any angle - not just the outside. That's why we've gone the extra mile to provide a superior looking product.

All AFCOIL springs come with the best satisfaction and performance guarantee in the industry. Rest assured that your AFCOIL Extreme Chrome Springs will last and perform as expected, or we'll replace them for free.
